

Office of Recovery Act Coordination

Department of Health and Human Services

Office of the Assistant Secretary for Financial Resources

Recovery Act:

Arkansas Highlights

Since the enactment of the Recovery Act in 2009, the U.S. Department of Health and Human Services has made **\$899.9 million in stimulus funds available in the State of Arkansas*** for community health centers, universities and other institutions in the state to provide fiscal relief, improve and expand access to health care, provide child care and other social services for its most vulnerable citizens, establish the infrastructure for health information technology, and conduct scientific research.

This includes:

- **\$722.1 million** for the increased Federal share (FMAP) of State Medicaid costs as of Jan. 1, 2011.
- **\$34.2 million** for scientific research and research facilities, including:
 - **\$10.5 million** for construction at the University of Arkansas Medical Sciences in Little Rock to provide space for cancer research.
- **\$25.1 million** for the Child Care and Development Fund to increase access to child care and to improve quality.
- **\$21.8 million** for Early Head Start and Head Start programs to expand and improve quality.
- **\$15.7 million** for health information technology (IT), including:
 - **\$7.9 million** to the Arkansas Department of Finance and Administration to facilitate health information exchange.
- **\$14.4 million** for community health center services, construction, renovation, equipment and health IT, including:
 - **\$3 million** for the White River Rural Health Center in Augusta and
 - **\$2.4 million** for St. Francis House Northwest Arkansas in Springdale.
- **\$13.8 million** for the Community Services Block Grant for community action agencies to reduce poverty and assist low-income residents in becoming self-sufficient.
- **\$6.6 million** for Temporary Assistance for Needy Families (TANF), including **\$3.9 million** for subsidized employment programs.
- **\$1.8 million** to support 42 National Health Service Corps clinicians providing primary health care in Health Professional Shortage Areas.
- **\$1.7 million** for the Communities Putting Prevention to Work initiative for State programs targeting obesity and tobacco, and
 - **\$400,000** for chronic disease self-management programs for the elderly.
- **\$1.5 million** for immunization programs.
- **\$1.1 million** to help strengthen community nonprofit groups.
- **\$967,000** for meals and nutrition services for the elderly.

**The total amount in this document, except for FMAP Medicaid and foster care, adoption assistance and guardianship programs, is based on the HHS Dec. 31, 2010, Financial and Activity Report (FAR) for the American Recovery and Reinvestment Act, available at the Department's website, <http://www.hhs.gov/recovery/reports/index.html>. The FMAP amounts are based on Jan. 1, 2011, data from the Centers for Medicare and Medicaid Services and the Administration for Children and Families. The highlights are a selection of programs funded by the Recovery Act and do not add up to the total ARRA funding within the State. These dollar amounts for individual programs are based on the Dec. 31, 2010, financial report, as well as agency grantee lists and HHS releases. For more information about individual HHS programs and Recovery Act funding, see <http://www.hhs.gov/recovery/>.*
